Daily Child Instructions and Activity Log

The *Back-Up Care Advantage Programme* Daily Child Instructions and Activity Log is a form provided by Bright Horizons to provide clear communication between the parent or guardian and the in-home caregiver. Parents/Guardians: Please complete the appropriate sections of the form with information about all children receiving care. Review it with the caregiver prior to your leaving and remind them to fill out the last sheet to share with you when you return. To be filled out by parent/guardian:

Sleeping Schedule:

It is the policy of Bright Horizons and the Back-Up Care Advantage Programme® that all infants be put to sleep on their backs on a firm infant cot mattress in a cot. When infants can easily turn over from the back to the stomach position, they will continue to be put down to sleep on their back, but allowed to adopt whatever position they prefer to sleep. Providers in the Back-Up Advantage Programme are required to comply with these protocols, and may not place an infant in our care on his/her stomach for sleep. Any requests by parents to do so cannot be honoured. If the parents insist that their child must be put to sleep on his/her stomach, care will be denied.
